

Since version 011 object hash is enabled to reduce the pdf size when redundant images are used

This image below has a size of **10823 bytes**

So the object is being hashed and reused 3 times in this examples

The XObject always refers to the same object number.

Put '**?nohash**' to disable object hashing

A 3D rendered image of the text "R&OOS" in a bold, red, sans-serif font. The letters have a thick, rounded appearance and are set against a white background. The text is positioned at the top of the page.A second 3D rendered image of the text "R&OOS" in the same red, bold, sans-serif font as the first image. This image is positioned in the middle of the page.A third 3D rendered image of the text "R&OOS" in the same red, bold, sans-serif font as the previous two images. This image is positioned at the bottom of the page.
